-  Log and/or log ride
-  Expert level ladder
-  Intermediate level ladder
-  Beginner level ladder
-  Wide landing ladder
-  Wall ride
-  Picnic table
-  Walls and boxes
-  Bench-type seating
-  Beginner level skills features
-  Intermediate level skills features
-  Rock trials area / Chill spot
-  Starting p lateau
-  Facilities - Bike shop / restrooms

-  **Push Path** - Circles the perimeter and serves as a walking path to move riders throughout the park. The section along Sunnydale Ave will be elevated approximately 3 to 4 ft.
-  **Pump Track** - Practice area for flow/pumping skills and speed/endurance training. The pump track will be much more involved than the one pictured. This is for location only.
-  **Beginner DJ** - Entry level and warm up dirt jump course consisting primarily of rollers, table tops under 10 feet in length and under 3 feet high, and berms on a slight grade to maintain speed.
-  **Intermediate DJ** - Dirt jump area for skilled riders consisting of a combination of rollers, tables with distances of 10-20 feet, berms and small hips, on a slightly steeper grade for increased speed.
-  **Pro/Expert DJ** - Highest skill level saddle style table tops with sharper lips at distances up to 25 feet, high tight berms and large hips. At the bottom there will be a competition course with double style jumps.
-  **Freeride** - Expert level course consisting of wooden ladders and natural rock features forming bridges, drops, platforms, wallrides, hips, rock jumps and dirt jumps. Multiple lines available.
-  **Downhill Course** - Intermediate to pro level DH course with rock gardens, root sections, drops, berms, high speed turns, and speed jumps. Two lines available with options for practice and competition.
-  **Skills Trail** - Beginner level XC trail with Intermediate to Expert level skills options including low and high ladders, log rides, teeters, rock features, skinny sections, and wood rollers.
